DETAILED ACTION

Allowable Subject Matter

Claims 1-20 allowed.

The following is an examiner's statement of reasons for allowance: Although the use of magnets was found in prior art, the particular configuration specified by the applicant's independent claims was not found. Additionally, the locations and polarity of the magnets specified in the application was not found to be obvious over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 2004/0149930 A1, US 4506788, US 6781144, and US 5712486 also disclose related prior art.
